Vernon G. Edwards Ltd. Supports Young Students Through Back-to-School Assistance Initiative

St. John's, Antigua and Barbuda — Vernon G. Edwards Ltd. continued its commitment to community development and youth empowerment with the distribution phase of its **2026 Back-to-School Assistance Initiative**, held on **Friday, August 28, 2026, from 10:00 a.m. to 5:00 p.m.** at the company's offices on the corner of **Long and Thames Streets, St. John's**.

The initiative was established to lend meaningful assistance to **boys and girls between the ages of 6 and 17** as they prepared for the start of the new school year. Students received school bags containing essential supplies intended to help ease some of the financial pressures associated with preparing for their return to the classroom.

Recognizing that preparing a child for school involves more than providing supplies, Vernon G. Edwards Ltd. added a personal and encouraging touch to each package. **Every school bag was individually prepared with a name tag bearing the child's name and a motivational back-to-school quote**, providing each recipient with a positive message of encouragement as they embark on another academic year.

The initiative reflected the company's belief that while **talent can be found in every community, opportunity is not always equally available**. Through the programme, Vernon G. Edwards Ltd. sought to help bridge that gap by supporting families and encouraging students to approach the new school year with confidence, enthusiasm and a determination to succeed.

The distribution brought the company's message, **"Building brighter futures together,"** to life, with the initiative focused not only on meeting a practical need but also on reminding young people that their education, aspirations and future matter.

Vernon G. Edwards Ltd. extends its appreciation to the parents and guardians who participated in the initiative and to everyone who assisted in making the distribution possible.

"One student, one backpack, one brighter future at a time."

Through initiatives such as this, Vernon G. Edwards Ltd. remains committed to giving back to

the communities it serves and contributing positively to the development of Antigua and Barbuda's future generation.
